BLAIR'S EDUCATIONAL BILL.

A Vote Will Be Taken on This Much Discussed Measure During the Session of the Senate to Be Opened in the House—Other Washington News.

WASHINGTON, D. C. March 17.—The Senate is to continue the consideration of the Blair Educational bill tomorrow, the evening session of the Senate will be held under an arrangement made during the last session. Mr. Blair has threatened to announce the bill in some other measure, but it is not likely that the Senate will agree to it as it is. There is a general desire to get rid of it for it has caused the attention of the Senate to be turned to it in the House—Other Washington News.

The Mississippi Floods.

A Bad Crevasse in the Lovee at Pecan Grove, Louisiana.

OVER A THOUSAND FEET WIDE.

Water Pouring Through the Break Ten Feet Deep—Vast Damage Done to Large Tracts of Country—People Making a Brave Fight Along the River.

NEW ORLEANS, March 17.—Pecan Grove levee, in East Carroll parish, one of the largest and most important levees in that section of Louisiana, broke at 6 o'clock Saturday afternoon. The crevasse is about 1,000 feet wide, and an immense volume of water is pouring in. The result will be serious damage to a large section of country in East Carroll and Madison parishes. The waters will finally flow into the Mississippi and thence again in the Mississippi at New Orleans. The crevasse is widening rapidly, and as it is now not properly silted, the prospect of closing it is very slight.

The Times-Democrat's New Orleans special says: A personal visit made to the levee at Pecan Grove yesterday by a correspondent of the Times-Democrat, who was accompanied by a local engineer, showed that the crevasse was widening rapidly, and as it is now not properly silted, the prospect of closing it is very slight.

THE INVASION.

Of the Cherokee Strip By Thousands of Boomers.

Troops Sent After Them to Hold 'Em in Check.

But They Have No Retarding Effect on the Movement—The Invaders are Armed and It Is Not Likely They Will Be Obedient at All—Thousands of Cattle on Sight of the Thousands of People.

Chas. Stated Out.

At Kansas City, Kan., March 15.—"On the strip." That was the signal for the invasion of the Cherokee outlier by the thousands of boomers, who have been gathered on the border of the strip. It echoed around the outlier from midnight until dawn Friday morning, and when the sun rose over the promised land, the invasion had fairly begun. All day the long lines of canvas-covered prairie schooners, with their many crews, drew their lengths into the coveted land.

Twenty Thousand of 'Em.

It is estimated that from the different points of entrance fully 20,000 people have passed the border and half that number staked their claims. The strip is invaded.

The invasion came with a rush. No one expects to meet the invaders themselves. The tenants of the strip, the Cherokee Live Stock association and the agent, Illinois, are known as the "invaders."

The Oldest of All.

Last Saturday, March 13th, was the coldest day within the past twelve months. The thermometer stood all day at 20, except an hour or two about noon. That was two degrees lower than the coldest day of the recent snap that made ice. During the night it fell to 14. When March is colder than December or January, the machinery that runs the weather must be out of "whack."

The Cockrell Case.

We merely mentioned last week that the jury in the case of Hal Cockrell for killing Amerine, at Irvine, had disagreed. Judge J. R. Morton presided, and Mr. A. R. Burdum represented the Commonwealth. Senator Bennett, Judge Riddell and Judge Plutty were for the defense. A special term for the trial of the case was fixed for June 23rd. The prisoner was released on \$1,500 bail.

Wheeler Sale.

The sale of Jas. Wheeler deceased, on the 14th inst., near Kirtlandville, was well attended by a large crowd. Stock brought good prices. The people seem to have more life in them than usual. One old brood mare, \$50; one 3-year-old horse, \$60; one yearling, \$50; three cows, \$10 to \$20; hogs, \$15 to \$20; corn, \$1.50 per bushel, and everything sold well. W. P. Perwit, auctioneer.

For Kentucky River.

Hon. James B. McCrory, Congressman from the Eighth District, made a speech before the Committee on Rivers and Harbors on Wednesday in behalf of the appropriation for the Kentucky river. He explained the importance of the river to the people of the State and referred to the magnificent forests and the inexhaustible mines of coal and iron in the counties drained by it. When he stated that the coal fields of Kentucky extend from the Allegheny to the Gulf of Mexico, he was not exaggerating. Mr. Traynor's wonderful development of Suisie S, if he had no other item to his credit, clearly demonstrates his ability as a thorough trainer. He has at his place the great stallion Welch, from the Alto Stock Farm, California, by Whips 2275; by Electioneer, 1st dam by Thorns 2275; 2nd dam Rosalind 2271; by Alexander's Aballah; 2nd dam, Rosalind's dam 2271.

Suisie S has been returned to Richmond by Mr. Traynor, who is now in the city.

Irvine, William Foster, John Dyer.

Mr. Morgan was acquitted yesterday on the charge of larceny.

Surprised.

Rev. C. P. Williamson returned from the State of Mississippi last week whether he had been called to pronounce the marriage ceremony for Miss Payne, formerly a pupil of Madison Female Institute. That was certainly a compliment to be called that great distance on such a mission, but he found a greater one awaiting his return. During his absence, the ladies of the Christian church, of which he is pastor, had been called to pronounce the marriage ceremony for Miss Payne, formerly a pupil of Madison Female Institute. That was certainly a compliment to be called that great distance on such a mission, but he found a greater one awaiting his return.

Mr. and Mrs. Jephtha Cornelison, on Monday of last week, passed the 50th anniversary of their marriage. Mrs. Cornelison is seriously ill. Her son John J. Cornelison, of Mt. Sterling, was over to see her last week.

Plows.

The realizable and long-standing firm of Shackelford & Gentry calls your attention to some ideas they set forth elsewhere in today's issue about plows, farming machinery, and general hardware.

Richmond Royal Arch Chapter No. 16.

There will be a called meeting of Richmond R. A. Chapter, No. 16, Friday evening, March 21, 1920. All companions requested to be present. Work in M. E. and R. A. C. D. Chennault, H. P. W. G. White, secretary.

Entries Close April 1st.

Only a dozen days remain in which entries to the Combination Sale of May and June can be made. Entries close April 1st. One hundred horses have already been entered. If you have a horse to enter, go at once and make it known.

The "Tip" Contest.

The preliminary contest of the Epiphany Society for April speakers will take place in the College Chapel, Friday night and everybody is invited. The speakers are Hallow, Jackson, Clay, Tribble, Herd, Oldham, Grinstead, Cox, Chennault and Dickson.

C. L. Tipton has 6 lambs by 2 ewes, and Thompson Keene has 6 ewes with 13 lambs. The number of twin lambs is unusual. —Richmond Climax.

We call you and go you better, "Squire John Cunningham, of Cunningham, Ky., son-in-law of Madison, has six ewes with 14 lambs. —Paris Kentuckian Citizen.

Shot in Texas.

A telegram from Eldorado, Texas, on Sunday, announced that Green C. Igo was "shot through and through." Two later telegrams state he will recover. His horse was at Clara Perry, in this county, but for a year or so he has been engaged by Mr. W. W. Watts on his ranch in Crosby county, Texas. No particulars have been received.

Manufacturing Jeweler.

Mr. A. D. Ruff, next door to post-office, calls your attention, elsewhere in today's CLIMAX, to a large stock of jewelry and silverware. Also to his facilities for setting diamonds and manufacturing jewelry. Special attention given to heavy gold rings. He has a quantity of solid gold bars for making rings to order. The best of work guaranteed.

Dissolutions.

The partnership heretofore existing between Owen McKee and H. C. Traynor, under the firm name of McKee & Traynor, has been mutually dissolved. See notice elsewhere in today's CLIMAX.

The partnership heretofore existing between C. C. Wallace and Z. T. Rice, Jr., has been dissolved by mutual consent. See notice in today's CLIMAX.

The Oldest of All.

Last Saturday, March 13th, was the coldest day within the past twelve months. The thermometer stood all day at 20, except an hour or two about noon. That was two degrees lower than the coldest day of the recent snap that made ice. During the night it fell to 14. When March is colder than December or January, the machinery that runs the weather must be out of "whack."

The Cockrell Case.

We merely mentioned last week that the jury in the case of Hal Cockrell for killing Amerine, at Irvine, had disagreed. Judge J. R. Morton presided, and Mr. A. R. Burdum represented the Commonwealth. Senator Bennett, Judge Riddell and Judge Plutty were for the defense. A special term for the trial of the case was fixed for June 23rd. The prisoner was released on \$1,500 bail.

A Word From Home.

Since Pauline Bredelli (Mdm. von Sicksen), left us we have not had the pleasure of hearing and listening to the finished and artistic renderings of classical and modern song. The large audience of last night reminded us of the "Salon Musicales" where Mdlle. Bredelli fairly enraptured her auditors by her marvelous execution and wonderful command over her voice. She is a vocalist of excellence and possesses great resources of ability. Her voice is wonderfully sympathetic and of immense compass. Her delivery is delicate in shading, and her singing of German "Lieder" by Schumann and Schubert was perfect in the great depth of feeling. Mdlle. Bredelli combines a perfect method and a sense of great value in singing, an extremely clear and distinct enunciation. As a teacher and vocal scientist she has not been surpassed in this country.—The Cape Times, South Africa.

Real Estate Sales at Ford.

John Donelson, proprietor of the Kentucky Carriage Works, Richmond, has sold to Asher Brothers, at Ford, his farm of 100 acres for \$15,000. This is an advance of less than 100 per cent within the past half dozen years.

J. B. and T. P. Irvine have sold their farm one mile from Ford, in Madison county, recently advertised in THE CLIMAX, to Rufus Shearer for \$25 per acre. The soil is good, but the improvement is only moderate. The price indicates that lands in the vicinity of Ford are advancing.

B. J. Clay, this place, has sold to Capt. J. M. Thomas, of Paris, his lot interests at Ford.

The Paris Kentuckian-Citizen says: Capt. Thomas has purchased the interest of Bruce J. Clay, in the Ford property, which is one third, at a considerable advance on what he paid a few months since for the other two thirds. He has employed Mr. J. W. Fox, of this city, to map the property and lay off streets, and will at an early date, offer a section of very desirable lots for sale. Ford has a population of nearly 500. It is the largest manufacturing point on the Kentucky river. The immense plant of the Asher Lumber Company and Long's Mills give it a great capacity for the production of lumber, and the great quantity of coal, which is accessible and desirable places, a turnpike road is being constructed from Richmond to Ford, and thence down to Booneville.

The river here is the best place to catch logs; the Asher booms have caught and held the logs of the Kentucky Union and Railroad Extension, including two long tunnels, and also the work of completing the Belt Line to Richmond, Virginia.

The greatest surprise experienced in railroad circles for many a day was that by which the management of the Monon and Louisville Southern, was completely changed. The election of officers was held in New York last Wednesday. The old officers were dethroned when the directors decided that the Pennsylvania road and its ally, the L. & N., both their enemies, were in possession by purchase and proxy of sufficient stock to elect their own officers.

John Schneck's sale took place Tuesday at his farm near Logan. The farm was sold, only for one year, being offered at 10 per cent below fair price, ranging from \$20 to \$125. The sale was conducted by Mr. Schneck's father.

Several months since Mr. W. A. Logan traded his farm to John Schneck for a hotel in Seymour, Ind. Young Schneck removed to his farm and seemed to be a very industrious farmer. He acquired a mania for trading, and would trade for anything in sight. Things went along smoothly for awhile and young Schneck went to Ohio or Indiana, where he was married to a very beautiful young lady. The couple resided on the farm. Young Schneck's mania for trading seemed to grow upon him until his friends grew suspicious of his actions. His father was informed about him, and he came and took his son home. Schneck would trade for anything. He bought a half-dozen saddles in this city in one day, saying that he needed them when he traded horses.

Those who attended the sale say that they never saw a more odd saddles, bugles, machinery, etc., at a sale in their lives.

Real Estate Deals.

W. E. Luxon has exchanged his large business house on Main Street with Joe Collins, for the latter's farm of 240 acres, one mile out on the Tates Creek pike. The house goes in at \$12,000, and the farm at \$15,000.

Mr. Luxon's father, at Lexington, has sold his property and will remove here to reside with his son. For more than thirty years Mr. W. E. Luxon has conducted a confectionery business in Richmond. He appears as natural as life among jars of candy, cases of sweet cakes, baskets of fruit and cans of oysters, but precisely how he will appear holding the town limits, on the Big Hill turnpike, for \$5,000, it will be told and put on the market.

T. S. Bronston has sold to J. J. Brooks his real estate west of Fifth Street extension, between Moberley Avenue and the R. N. & B., for \$5,000. It measures 590 feet by 155.

Beatty Middleton has bought of George Myers the vacant lot on West Main Street, between the residence of Myers and Hay, for \$1,000.

The land transfers recorded in the clerk's office the first two weeks of March amounted to \$25,000, and town lots \$15,000.

Commenting on the marriage of Miss Fannie Barnett, late of Richmond, to Mr. Winters, of Paris, the Kentuckian-Citizen says: They were married twice in one day—by a Squire in Covington, and the Rabbi in Cincinnati.

Tuesday morning, [March 15th], 1890, at 11 o'clock, at the residence of the bride's father, Mr. David Noble, near this city, Miss Annie Sallie Noble, was united in marriage to Mr. John R. Bradshaw, of Covington, Ky. E. Burdum officiating. The bride is one of our most beautiful and accomplished belles, and her absence will be keenly felt. The groom is an enterprising farmer, and is held in high esteem by all who know him.
